

Don't let it happen

(Van Tienen & Veltrop)

Put yourself together
And do it all the way
Remember the good things
Don't hide

Forget your mistakes
And don't look behind
Embrace tomorrow
And love what you've got

But don't let it happen

Live is simple
Let's be true
We stay together
Untill we die

See the child in the sand
She don't look behind
Harmless and fearless
And love what you got

But don't let it happen

Go into the fields of freedom
And leave your sorrow behind
See the wonder of beeing
Without asking

Why Why Why?
Put yourself together
And do it all the way
Remember the good things
Don't hide

Forget your mistakes
And don't look behind
Embrace tomorrow
And love what you've got

But don't let it happen

Go into the fields of freedom
And leave your sorrow behind
See the wonder of beeing
Without asking

Why Why Why?

Could it be

(Van Tienen & Veltrop)

I'm free of choice
I'm free of logic
And wondering
Where to go

I kissed the clouds
Passing by
Without thinking
Where to go

I want to be near you
to see you
I want to be near you
to know the fact
I want to be near you
to see you
I want to be near you
not to act

There's no beginning
There's no ending
Just the way to be

I kissed the clouds
Passing by
Without thinking
Where to go

I want to be near you
to see you
I want to be near you
to know the fact
I want to be near you
to see you
I want to be near you
not to act

Double Feeling (Van Tienen & Veltrop)

Nothing is free
Nothing is straight
So I got a Double feeling
Nothing is real
Real in this state
So I got a double fate

Always to early
Always to late
Doesn't see
What you create
Your eyes are closed
And your mouth is SHUT

Nothing is free
Nothing is straight
So I got a Double feeling
Nothing is real
Real in this state
So I got a double fate

You got that dream
Floating away
Pain in the heart
Pain in the brain
The mass in your head
And the sand in your hand

You got that dream
Floating away
Pain in the heart
Pain in the brain
The mass in your head
And the sand in your hand

Jumping in (Van Tienen & Veltrop)

Just feel the water
On your skin
When you are jumping
Jumping in

Don't boil the eggs
Around my legs
Don't cook the hips
Around the hook

They said you are
Lucky not to know
The flowers on your hat

....

Not to notice
All this bullshit

You are a mad man
You are a sad man
Spinning wheels
Around your brains

Rock and Roll Star (Van Tienen & Veltrop)

So you wanna be
A Rock and Roll Star
So you wanna be
Whou you really are
Like a horse in the sky
O tell me why

So you wanna be
A big hero
So you wanna be
Oh no zero
Like a fireball in the sky
O tell me why

So whenever you come
To this point
So whenever you smoke
Smoke this joint
So whenever you open
Open your eyes
You know you know and
You know you know...

So you wanna be
The strongest man
So you wanna be
As fast as you can
Like a seagull in the sky
O tell me why

Give it (Van Tienen & Veltrop)

Give it a reason, give it a smile
Give it a try and give it a cry
Give it a hate, and give it a sorrow
But don't say goodbye

Give it to me and I will give it to you
Give anything, you want me to do
Give it to friends or give it to Christ
But don't say goodbye

'Cause the ashes of hope are wrecked into
laughter and it's better to be free of naughty rings
That comes in the night,
between the red blankets, holding you tight

Give it to the first, give it to the last
Give it slowly or give it fast
Give it to yourself or whatever beast
But be honest to yourself and give it at least

'Cause the ashes of hope are wrecked into
laughter and it's better to be free of naughty rings
That comes in the night,
between the red blankets, holding you tight

Give it a reason, give it a smile
Give it a try and give it a cry
Give it a hate, and give it a sorrow
But don't say
Don't say
Don't say
Goodbye

Night has come (Marcel & Fons van Tienen & Veltrop)

When the light has gone
And the moon has come
When the moon has gone
And the dawn has come

When the light has come
And the stars are gone
When the light has gone
And the moon has come

Oh darling I think about you
Oh darling I think about you
Oh baby the bed is so cold
Oh baby the bed is so cold

You like to be
(Van Tienen & Veltrop)

You like to be a problem
You like to be alone
You want to be a queen
You've never seen

You like to sing the blues
You hate to stand still
But in the meantime
Never get that thrill

Cause you're lonely
You're so lonely you could die
Yes you're lonely
You're so lonely you could die

You like to share your bed
You hate to say goodbye
But in the meantime
Seeing that other guy

Yes you're lonely
You're so lonely you could die
Yes you're lonely
You're so lonely you could die

And your body is your temple
And you like to see your legs
And the barber is your hero

Yes your body is your temple
And you like to see your legs
And the barber is your hero

Cause you're lonely
You're so lonely you could die
Yes you're lonely
You're so lonely you could die

Sneaky little snake
(Van Tienen & Veltrop)

Sneaky little snake
You came in the dark
When she was sleeping
Well I don't know why
But I started to cry
And she was sleeping

Getting the needle
Into the system
Singing a song of love
Invisible traces
Is making her crazy
Singing a song of love

Well oh he had to say
What has to be said
While she was sleeping
I don't know why
But I started to cry
And she was sleeping

Give it a shot
Blowing her nose
Singing a song of love
All she has got
Is tearing apart
Singing a song of love

Sneaky little snake
You came in the dark
When she was sleeping
Well I don't know why
But I started to cry
And she was sleeping

Singing a song of love
Invisible traces
Is making her crazy
Singing a song of love

Buliding a wall (Veltrop)

Sitting here
And I'm looking at you
You're the one
I've loved for such a long time
My heart is building
A distance now

Building a wall

What has happened in
In a short time
It's so hard
So hard to believe
So tell me this

What is love anyway?

Is it a skill to be learned
And dreamed by everyone
A drug we're all hooked on
Or is it just a trade

MUD (Van Delft & Veltrop)

I walk in the mud
Stray through the swamp
Losing my way
And Losing my life

Got stuck in the clay
It's tearing me down
Can't do my thing
Can't live my life

I look for higher grounds
To find my way
Search for something firm
To find my life

I want to live
I want to do my thing
I want to play
And I want to sing

Do I run
When its so complicated
Do I hide away
When I should fight
I am a coward
Who's always flying

Building a wall

What has happened in
In a short time
It's so hard
So hard to believe
So tell me this

What is love anyway?

Is it a skill to be learned
And dreamed by everyone
A drug we're all hooked on
Or is it just a trade

I want to live
I want to do my thing
I want to play
And I want to sing

I walk on highest grounds
Dance to the sounds
The sounds of life
The sounds to thrive

I will live

Now I play
Now I think
Now I do my thing
Now I play
And now I sing
I will live
